WEAR SANDBAGS

NENAD ROBAN

...

I'm an artist - jewellery designer. But I can't do anything. Gold, silver and other precious materials wouldn't be appropriate to express madness. Surrounded by sandbags, I tried to make expression of this situation in which we all suffer.

Sandbags are all over the city. Sandbags are saving our lives, thoughts, feelings.

Sand represent life in Croatia; for the people and for the monuments. This shelter will save our culture for our kids and for future generations.

HELP! STOP THE WAR IN CROATIA! WEAR SANDBAGS ALL OVER YOUR BODY!
